

## Project P.L.E.A.S.E.

### Parish Leaks that Encompass Areas of our Spiritual Environment

**Dear Family, Friends and Devoted Parishioner:**

The staff and myself have seen for ourselves and heard from concerned parishioners about leaky roofs and broken down air conditioning (a/c) units around the parish campus. These same parishioners have requested that an organized effort be initiated to raise funds to take care of these maintenance issues. Therefore, I am announcing:

**Project PLEASE ...Parish Leaks that Encompass Areas of our Spiritual Environment...**

Is a concerted effort to raise as many funds as possible to replace the roofing of the John Bosco Center, Gathering Room/Breezeway, Convent and Church, along with the aged leaking a/c units at the school. Each classroom and nearly every meeting space including the gym has their own a/c unit, 49 a/c units and 3 Addison dehumidification systems. Here is a breakdown of the funds in prioritized order, needed to restore our campus:

<b>John Bosco Center- roof replacement</b>	<b>\$ 51,000</b>
<b>Gathering Room/Breezeway -roof replacement</b>	<b>\$ 12,000</b>
<b>Convent – roof and sub roof replacement</b>	<b>\$ 22,000</b>
<b>Church - roof replacement</b>	<b>\$275,000</b>
<b>School - 49 a/c units and 3 Addison dehumidification systems</b>	<b><u>\$387,000</u></b>
<b>TOTAL -</b>	<b>\$747,000</b>

We can only move forward on these projects when the funds are available. Also keeping in mind what is true with most roof replacement projects of this nature, it will take longer, be more complicated and cost more than expected. Therefore, I hope to convey a sense of urgency in that the longer these repairs are put off, the more expensive it will become. **We would like to conclude the funds collection part of the of the project by the end of this year in order to begin project scheduling at the start of next year.** We have begun saving for all of this with the Forward In Faith campaign (2014) rebate. Check for updates in the bulletin and website as we make progress with Project PLEASE.

PLEASE, PLEASE, PLEASE first pray for success in this project then use the enclosed envelope or the WeShare “Project PLEASE” button to make your gift for these financial challenges we face. Meanwhile until those roofs are replaced, bring your umbrellas. I’m deeply grateful for your support and kindness.

Together with you in ministry,

Father Len
